"Where You Get More of the Best for Less"

In Canada today it takes more than \$5000 to provide the tools, machines and plant facilities used by a single worker. The area of Lake Superior is greater by nearly 4000 square miles than the total area of New Brunswick.

NEW... THE MASSEY-HARRIS Roto-Lift ONE-WAY DISC

The Roto-Lift One-Way Disc is a new Massey-Harris development and a radical departure from the conventional system of raising or lowering the discs with the frame of the machine.

The Roto-Lift raises and lowers the discs by a power driven rotary action—the axle and frame remaining fixed. The light draft and full steering control of the Roto-Lift One-Way Disc enables you to cover your field quicker and more efficiently because the Massey-Harris Roto-Lift One-Way Disc can turn left, right or back up.

SAVE TIME, MONEY AND LABOR WITH THE NEW

EHLERT'S

Lined up for blithe spring days—these charming clothes in all categories. Designed specifically for country or smart resort wear, is this pretty weskit suit. The vest is of dark brown flannel, has a shawl collar and is snugly fitted. The skirt is of oyster white flannel and has grouped pleating sewn down over the hips. It is sketched with a white wool sweater, but can be worn just as well with long or short sleeved blousing.

U.N. COUNCIL

—Central Press Canada
The new chairman of the U.N. Security Council, General A. G. L. McNaughton of Canada presides at the first meeting of the council at Lake Success, New York. The United Nations body discussed the new fighting between the Dutch and the Indonesians.

Average earnings of hourly-rated workers in leading Canadian manufacturing plants at January 1, 1946 were \$39.46, an increase of \$6.29 over earnings at January 1, 1945.
